Building a Healthier Community Capital Campaign 2018 Progress

The 2018 *Building a Healthier Community* Capital Campaign kicked off in June with great success! Funds raised during this three-year campaign will be used to buildout the space we have secured at 500 Wisconsin Avenue. This will provide an opportunity to install technology essential to ongoing partnerships with the clinicians who donate their services. Additionally, the funds may be used to modernize patient's treatments and cover the costs for updated dental and medical equipment. Best of all, this move will significantly cut clinic occupancy costs with the annual savings being reallocated to patient care.

We are proud to report that we have reached 71% of our goal during the first seven months of this campaign! Health Care Network's mission relies on the kindness and generosity of the community it serves and we are honored to be well on our way to our goal!

A LOOK BACK

This year we welcomed new providers, Matthew Greulich MD, Karen Molitor D.N.P., F.N.P., A.P.N.P, Maria Barnes D.D.S., and Angela Franson-Smith R.D.H. We are grateful for their dedication to HCN's mission!

Another marvelous Racine Country Club Women's Luncheon was held in December. Thank you to the fabulous crew that orchestrates this event each year and to those participants who so faithfully contribute.

Ascension – All Saints annual Tree and Wreath raffle was a tremendous success once again!

Another year of generous funding from the J. Vernon Steinle and Elmyra K. Steinle Foundation. We could not provide the services we do without their long term commitment!

Health Care Network is honored to continue its partnership with the University of Wisconsin – Parkside's Allied Health and Medical Interpretation programs. The students are placed in the clinic to volunteer and learn about safety net health services.

Health Care Network welcomed Molly Lake, Americorp VISTA volunteer. Molly will complete her year with HCN in January of 2019 and has been an invaluable addition to the staff during 2018. She has been instrumental in implementing the Capital Campaign and upgrading technology in the clinic.

The agency hosted its biennial Ladies Luncheon, featuring entertainment by the very funny Patti Vasquez. An astounding \$34,869 was raised! Thank you to the Racine Community for this extraordinary show of support!

During the month of April, we celebrated both Free Clinics Week as well as Volunteer Appreciation Month. HCN could very well be extinct, if not for its amazing volunteers! Each and every volunteer is valued and appreciated!

HCN was fortunate to receive a grant from CVS Foundation to develop a supportive, one-on-one education and care management program for diabetic patients. The care coordinator works in tandem with the doctors, nurses and diabetic educators. Preliminary data shows great success among patients enrolled in this program.

Planning Committee

AT THIS YEAR

Mid-year, Health Care Network joined forces with NAMI Racine County, the Racine Friendship Clubhouse, and Focus on Community to create Four Our Community, a grass-roots partnership aimed at highlighting the good work of non-profits across the community. On May 17, Four Our Community raised significant money for DO MORE 24 ensuring a continuum of quality patient services.

Health Care Network is privileged to be a United Way of Racine County Partner Provider and was awarded \$80,000 in funding for the 2018 – 2019 program year.

Health Care Network officially kicked off its *Building a Healthier Community* Capital Campaign. This \$600,000 campaign will allow the agency to move into a newer facility with upgraded technology for better patient care. We are proud to report that, to date, \$422,100 has been raised.

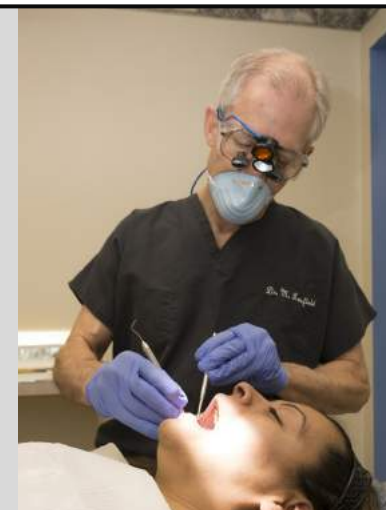

HCN officially began offering social services with the addition of a social worker. Funded by the Wheaton Franciscan Sisters Ministry Fund, Bridget Diaz, our previous social work graduate student, has rejoined our team as this full time staff member.

2018 Italian Fest, hosted by Roma Lodge, again brought an ample contribution to Health Care Network! Many thanks for your loyal support over the years!

One of Racine's lesser known community gems is the Music and More Concert Series at First Presbyterian Church. This year, the \$2,000 raised was donated to HCN! You are truly missing out if you have never attended one of these concerts. Mark your calendars for concerts to begin in June 2019!

HCN staff members attended a training in Trauma Informed Care which focuses on understanding, recognizing and responding to the effects of trauma on clinic patients. The agency seeks to implement trauma informed care principles throughout all areas of clinic practice.

A huge thank you to the pharmacists at Walgreens located at 4810 Washington Avenue. As in years past, they generously provided flu shots to patients and staff alike! A total of 86 flu shots were administered to date! We are extremely proud to partner with Walgreens to keep Racine healthy!

In Their Own Words

Patient Story: Cintya Suarez

Cintya was having difficulties sleeping and it was starting to affect her life. Another problem she was having? She was uninsured and unable to afford the cost of a doctors appointment.

Thankfully, through friends and family, she found Health Care Network. After a sleep study, one of our volunteer providers diagnosed her with sleep apnea and through our assistance she was provided with a CPAP machine.

Cintya credits Health Care Network with changing her life. Without our services, she tells us, she would have avoided going to the doctor all together because of expense. To her, Health Care Network is made up of angels who are always willing to help.

In addition to medical appointments, Cintya utilizes our dental and behavior health services. Currently, she is a student at Gateway Technical College. One staff member recognizes her as a “superstar” for her positive attitude and dedication to her wellbeing.

Why I Give: Nat Cyncenas

Nat Cyncenas understands the importance of health and dental care. According to Nat, you can have all aspects of your life fulfilled, but if you don't have your health, you have problems.

Her connection to needing proper health and dental care is personal. Her husband of 53 years had once been in great need of dental care . Growing up during the depression, he did not have access to care until he joined the Marines. After receiving dental care for the first time in his life, he smiled with his teeth uncovered. “Poor dental health, like an infected tooth, can lead to other health problems,” she says. “In addition to health problems, when you have bad teeth, you're embarrassed. Receiving proper dental work changes the opinion that you have of yourself; it increases your self esteem.”

Nat's readiness to help and improve the lives of others parallels the career that she had after raising her children. As a teacher at Jefferson Lighthouse she saw first hand the effect of self-esteem on her third grade students.

For Nat, it is important to share the blessings she has received during her life and give back to the community. Health Care Network is grateful for passionate donors like Nat.

Health Care Network, Inc. Annual Report 2017-2018

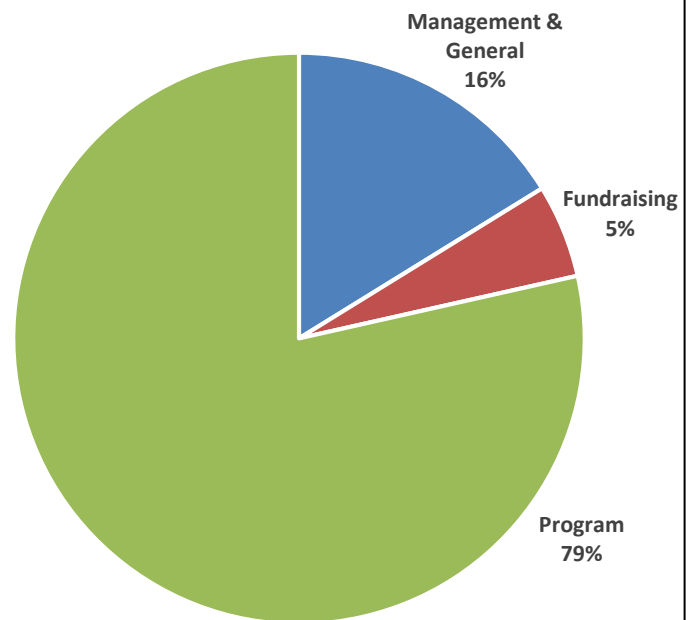

Over the past 31 years of service to Racine County, the organization has scheduled 210,490 appointments and assisted patients in obtaining over 90,379 prescriptions. This represents a value of over \$47 million, which could only have been made possible through the generous donations of time, talent and resources by volunteers and donors. Health Care Network continues to fill a service gap in the community.

Health Care Network's Community Impact

Health Care Network measures the impact its services have through monitoring patient improvement as well as the positive effect the program has had on the community at large. The goals are for patients to integrate healthy lifestyles into their daily routines and to gain measurable skills in making health and safety choices. We are proud to report the following results.

A large percentage of patients served suffer from chronic diseases such as diabetes and hypertension. With health education integrated into each clinic visit, 74.2% of patients seen for one or both of these conditions maintained or improved blood pressure readings and fasting blood sugar/glycohemoglobin levels.

HCN wants to provide a more well-rounded approach to health care. As such, funding was received to implement a one-on-one diabetic education strategy which includes individual meetings with a health coach and group based education with other patients. While it is too early to report on findings, preliminary data show that new strategies are having a profound impact.

Dental care plays a significant role in the overall health status. Eighty-two percent (82%) of patients demonstrated acceptable prophylactic oral care as evidenced by the oral health exam.

Health Care Network is committed to providing high level, top quality care for the low income, uninsured residents of Racine County.

Those We Remember...

Over the past year, our community mourned the loss of members whose families designated Health Care Network as a memorial site. We are grateful to the families of those who have passed who, during their time of grief, have chosen to secure the future of Health Care Network through generous financial support in memory of their loved ones.

Patricia 'Pat' M. Steimle

September 14, 2018

Pat will be remembered for her kindness and the compassionate care that she provided to Health Care Network patients. Many staff members fondly remember her talent for baking cookies and the kind words she had for others. Her passing creates a loss for Health Care Network and the Racine community.

Have you ever considered the lasting impact of your current involvement with Health Care Network? One way to have a lasting impact on the future of our work is with a charitable bequest. This simple expression of your support will enable Health Care Network to continue to provide services long into the future. There are several ways you can make provisions for the future of our mission.

**Include a gift to Health Care Network
in your will.**

**Name HCN as a beneficiary of a trust,
retirement plan, insurance policy, or
bank account**

Making a charitable bequest is as simple as a call to your attorney, retirement plan administrator, or bank. And, of course, you can make changes or enhance your gift at any time.

Saying Goodbye

Sister M. Brenda (Brendan) Walsh, OP

The story of Health Care Network could not be told without Sister Brenda Walsh. She was the founder of Health Care Network and the catalyst for positive change within the Racine community.

Our journey started in 1981 with a conference organized by the devoted Sister. As a dedicated champion of social justice, Brenda created this conference with a focus on issues she was passionate about: unemployment, blighted neighborhoods, crime, and most importantly, critical health needs of the community. Drawn to her energy, over 200 people attended this event and soon the organization *Racine in the 80's* formed. Under Brenda's visionary leadership, taskforces created this organization and four others.

Like a true leader, Brenda was the north star to many. She found ways to meet the needs of countless by directing and getting tasks done. A modest individual, she was a planter of things, allowing others to shine to nurture her projects. After growing the seeds of Racine County Community Clinic, a community referral network, the current state of Health Care Network emerged. Because of Brenda, we have surpassed 31 years, have scheduled more than 210,000 medical and dental appointments and have dispensed over 90,379 prescriptions for the uninsured.

As a testament to Brenda's legacy, we will continue to grow and be the light in the community, providing health care for a population most in need.

Help us Stretch our Budget!

Like many of you, we are already starting our New Year's resolution. This year, our goal is to spend less money and go "green".

CONSIDER THIS...

Last year, we printed and mailed 5,249 copies of the newsletter.

Printing
for 58
newsletters

= 1 vial of
commonly
prescribed
insulin.

Postage
for 157
newsletters

= 1 commonly
prescribed
inhaler.

Would you like to help? Sign up for our email updates and receive our annual newsletter electronically. It will help us save on printing costs. To further help us stretch our budget, you may consider donating towards printing costs as every dollar saved is another dollar that goes towards patient care!

Thank You

Are you an Amazon Shopper?

Did you know that you could donate to Health Care Network simply by shopping at Amazon? The holidays are fast approaching and if you're planning to do some online shopping, we would appreciate your support! Shop for everyone on your gift list this holiday at smile.amazon.com/ch/42-1299913 and Amazon will donate to Health Care Network Inc.! It's that easy and it won't cost you anything extra! Happy shopping!

amazonsmile
You shop. Amazon gives.
